S U M M A R Y

Second-year B.Tech CSE (AI & DS) student who builds real products — not just assignments. Founded and leads Thiran Private Ltd, a 19-member EdTech startup shipping an AI-powered career guidance app. Hackathon competitor, team captain, and Project Expo winner with hands-on experience across frontend, backend, and AI development.

E X P E R I E N C E

Founder & CEO — Thiran Private Ltd

Jan 2024 – Present

EdTech Startup · Chennai, India

- Leads a 19-member team (17 volunteers + PM) across product, design, and operations for multiple live products.
- Launched Thiran LaunchLab — a trilingual (English, Tamil, Hindi) web agency platform actively acquiring clients.
- Shipped internal tooling: employee attendance portal, performance leaderboard (Booster Table), and task/notice management system.
- Directing full development of NextStep, an AI-powered career guidance app targeting a mid-August 2026 launch across a 70-day sprint.
- Produced all brand assets, technical documentation, and strategic decks for stakeholder communications.

Content Creator — Code with GSV

2023 – Present

YouTube · Tamil-language tech education

- Produces coding tutorials and project walkthroughs in Tamil, making tech education accessible to regional learners.
- Covers Python, web development, and AI project builds aligned with real student use-cases.

P R O J E C T S

NextStep — AI Career Guidance App

Jun 2026 – Present

React · Node.js · Python · Claude API · MySQL

- AI app for student career planning with personalised roadmaps, skill gap analysis, and course recommendations.
- Architected full folder structure, phased dev plan, and API integrations coordinating a 19-member team sprint.

Thiran LaunchLab — Web Agency Platform

2025 – Present

HTML · CSS · JavaScript · Three.js

- Trilingual cinematic web agency site with a three-layer entry experience; live and onboarding real clients.

3D Interactive Portfolio — WebGL Experience

2024

Three.js · WebGL · Vanilla JavaScript

- Immersive 3D animated landing page with custom shader effects, scroll interactions, and real-time rendering.

C O M P E T I T I O N S & A C H I E V E M E N T S

- Winner — Project Expo (1st Place)
- Led team at multiple hackathons and inter-college technical competitions; handled ideation, delegation, and final presentation.
- Consistently took on team captain role, driving cross-functional coordination under time constraints.
